part of
**Scotiabank CONTACT Photography
Festival**

View Find[H]er: Finding Women Working in Photography 2022 is the first step in a project that aims to find and showcase the work of women artists that have a connection to Mississauga.

The title of the exhibition references the eyepiece on the camera, known as the viewfinder, that a photographer holds close to their eye when taking a picture.

Like the viewfinder, *View Find[H]er* is about looking and finding; it discovers a remarkable range of works and highlights a promising array of women artists.

Exhibiting Artists:

Kim-Lee Kho, Soka Lazara, Cat Marchese, Dainesha Nugent-Palache, Janice Reid, Sage Szkabarnicki-Stuart, Peggy Taylor Reid.

Guest Curator: Fausta Facciponte

Coming Soon

We have started preparations for our Second Annual Juried Show of Fine Art! We will be accepting applications soon, and the show will take place in September-October. Stay tuned on social media and artgalleryofmississauga.com for details.

View Find[H]er - Looking, Finding, Making

Inspired by the photography of the AGM CONTACT Exhibition *View Find[H]er*, artist/educator Leslie Ashton had a blast with children and youth are exploring the photography in the *View Find[H]er*, and using clues in an "art hunt".

It was a dynamic way to discover details that are missed in a passive walk through and explore photography and collage for themselves.
