Hazel: 100 Years of Memories

Mississauga's legend and centurion, Hazel, will be showcased in a historical exhibit through art and displays now showing at Erin Mills Town Centre.

You will be surrounded by a plethora of everything Hazel showcasing 100 years of memories and her life's journey. It is truly a wonderful platform for everyone to engage and tour as we have created a way for everyone to celebrate and participate interactively until February 2022.

We encourage you to visit and interact with this memorable showcase that will present Hazel's remarkable life and great achievements with tours under the sphere in Erin Mills Town Centre.

For our younger generation, this educational experience will share breaking barriers throughout many parts of her life, as a daughter, wife, mother, athlete, businesswoman, politician, humanitarian and mentor.

Hazel has given so much to our city and continues to contribute and consult with renowned leaders.

This project is bringing together community groups and businesses to work collaboratively to create one of the greatest stories ever told by sharing her work and love in an inclusive diverse way through art and exhibit.

Quarks, Elephants and Pierogi!

Can you distill the essence of a country into just 100 words?

This book will make you fall in love with a country with one of the most unusual histories out there. It'll also show you how languages intersect and whole cultures arise and make you realize just how interwoven our world is.

Along the way, you'll find out why quarks are made from curd cheese, learn what elephants have to do with a Central European country, and discover how pierogi saved an entire town.

The book, addressed to foreign readers and people of Polish origin living abroad, is an invitation to travel around the country and in time. Thematic scope of entries referring to tradition, history, and nature, he acquaints readers with the Polish mentality and language.

The book consists of one hundred articles written by the editors of Culture.pl, Mikołaj Gliški, Matthew Davis and Adam Źuławski, who use words - keys to outline the landscape of Poland, show its history and cultural achievements recorded in language. The paintings and digital design illustrations in the exhibit and the book are by Magdalena Burdzyńska.

Quarks, Elephants & Pierogi is now until November 6th, 2021.
